Subject: AMF - Thank you!

Dear Ian,

I am catching up, belatedly, on some of the donations to AMF in recent months and wished to thank you directly for your generosity and support. It is very much appreciated. 100% of your US\$1,000 donation will buy 411 long-lasting insecticidal nets (LLINs) and protect an estimated 740 people. That is an entire village covered thanks to you. Brilliant. We allocate each donation to a specific net distribution and you can follow where the nets you have funded will be distributed via [your private, personal donations page](#).

Warm regards and thanks again,
Rob
