Subject: Boys & Girls Clubs of America thanks you for your donation!

THANK YOU!!

Thank you Ian!

While the pandemic continues to present unrelenting obstacles for the kids and families that Boys & Girls Clubs serve, we know the future is bright. That's thanks to you. Your donation will give kids the urgent support they need to get through today's continuing

challenges while providing the relationships and resources to prepare them for college, careers and life. **Because you've chosen to be here for us, we'll do whatever it takes to be here for them.**

Your gift will...

- Help Clubs provide **food and basic necessities** to kids and families affected by the pandemic and deepening inequities
- Provide a safe place **where kids can learn and grow so parents can keep working**
- Help **reduce learning losses** by ensuring kids have devices to access schoolwork and a nurturing environment to participate in e-learning

Thank you for making futures bright for kids in our communities. Your simple act of kindness is already making a big impact that will last a lifetime.

Consider doubling your gift to help at-risk youth. If your employer matches gifts, you could double your impact. [Learn more about employer matching →](#)

You're making an important impact for our youth, and we're so grateful.

Sincerely,

Boys & Girls Clubs of America
