Dear Board Members:

We have just completed the effort of receiving FREE OF CHARGE (usually over 600.00/mo) SALESFORCES.COM.

It is the newest, cutting edge system for managing a large or small business. Please check the site below to an unbelievable source for Keweenaw Community Foundation to use in updating/managing our business.

As a foundation with an agreeable mission, we qualified for the free use of this system. In my work with Ian McKilligan of UP and Running, he has not only alerted me to this service, but also made all the contacts necessary for getting this service for KCF. You will note that very large national business and large non-profits are also using this system.

It is a marvelous tool for us as we grow. We will be able to stay in contact with all our donors instantly and also detail their interests, giving and concerns etc. There is SOOOOOOOOOO much more. PLEASE open the site below and be ready to scroll down. The executive summary is wonderful and you will find it quite soon in the document. There are 43 pages for those of you who love detail.

As any rate, we are excited as there are training tools and valuable sources that will assist us in being more communicative and efficient. . . . And it is free to us. What could be better???

I strongly advise anyone who has computer issues, questions or needs, to involve Ian for assistance. He and his entire team are tenacious and committed and have donated undue hours of service to KCF.

Thanks for taking the time to view this recent asset.

Warmly,

Barb

Barbara Rose
Executive Director
