"The mission of Raising Readers in Story County is to improve language and literacy development in children from birth to age 8 and nurture healthy parent-child relationships."

Ian,
Thank you so much for coming to Storytime at Eastwood yesterday! It was so wonderful to have you and I loved that you read with Drayton - he really enjoyed having you there. Thank you for supporting this wonderful program that serves many children from low-income families in Ames! As I shared, part of your support will purchase new books that the children will get to take home and become their Forever Books. Enjoy your weekend! Kim
