Dear Team 74 CHAOS Sponsor,

This past weekend Team 74 headed to our first robotics competition of 2018, which was held near South Bend, IN. We were one of 40 teams competing at this event and it was a great experience for our students and mentors. I'm pleased to report that our students and our robot performed well, bringing home a victory as a member of the winning alliance. Go CHAOS!

This year our team has a record 36 students and the mentors feel fortunate to have the opportunity to teach them STEM skills and life skills. On behalf of the team's mentors, I want to thank you for your continued support of Team 74 CHAOS and our students. Together, we are having a life-changing impact on these young people.

Bill Ehmann – Team 74 Co-Leader

Bill Ehmann

Vice President - Technology, Quality & Food Safety
